

2 AUG 1963

MEMORANDUM FOR: Chief, Cartography Division,  
Geographic Research Area/RR

SUBJECT: Memorandum of Appreciation for Special Support  
Branch Personnel of the Cartography Division

25X1X7  
25X1A9a  
1. During the week of 22 July 1963, members of the Special Support Branch of the Cartography Division spent a considerable amount of time in the preparation of graphic aids in support of the OSI contributions to the [REDACTED] Anti-Ballistic Missile Working Group. This work, due to the last minute firming up of briefing assignments, was to a large extent provided to the Special Support Branch with only one or two days' notice, and in some cases with only one night's notice. The response of the Special Support Branch in providing truly professional quality vue-graphs and other briefing aids on this extremely short notice was outstanding. In particular, [REDACTED] spent a considerable amount of his own time, returning in the evenings, to complete material which was needed at the opening of business the next morning.

2. I would very much appreciate it if you would extend our sincere appreciation to the personnel of the Special Support Branch for their truly outstanding effort on our behalf.
